For purposes of this note, the term "raw value" means the equivalent of such articles in terms of ordinary commercial raw sugar testing 96 degrees by the polariscope as determined in accordance with regulations or instructions issued by the Secretary of the Treasury. Such regulations or instructions may, among other things, provide: (i) for the entry of such articles pending a final determination of polarity; and (ii) that positive or negative adjustments for differences in preliminary and final raw values be made in the same or succeeding quota periods. The principal grades and types of sugar shall be translated into terms of raw value in the following manner--
(A) For articles described in subheadings 1701.12.50, 1701.13.50, 1701.14.50, 1701.91.30, 1701.99.50 and 2106.90 .46 by multiplying the number of kilograms thereof by the greater of 0.93 , or 1.07 less 0.0175 for each degree of polarization under 100 degrees (and fractions of a degree in proportion).

(a) For purposes of heading 9822.06.05, eligible apparel articles wholly assembled in and imported directly from the Dominican Republic shall enter the United States free of duty, without regard to the source of the fabric or yarns from which the articles are made, if such apparel articles are accompanied by an earned import allowance certificate that reflect the amount of credits equal to the total square meter equivalents (SMEs) of fabric in such apparel articles, in accordance with the earned import allowance program established by the Secretary of Commerce. For purposes of determining the quantity of SMEs under this note, the conversion factors listed in "Correlation: U.S. Textile and Apparel Industry Category System with the Harmonized Tariff Schedule fo the United States of America, 2008" or its successor publications, of the United States Department of Commerce shall apply.
(b) For purposes of subdivision (a) of this note, the term "eligible apparel articles" means the following articles classified in chapter 62 of the tariff schedule (and meeting the requirements of the rules relating to chapter 62 of the tariff schedule contained in general note 29(n) of such schedule) of cotton (but not of denim): trousers, bib and brace overalls, breeches and shorts, skirts and divided skirts and pants.

(b) The United States Trade Representative (USTR) may promulgate regulations to provide for the entry of goods of Peru under subheading 9822.06.10. Such USTR regulations may, among other things, provide for the issuance of certificates of eligibility to accompany goods of Peru imported under such subheading.
(c) Beginning in 2009 and in successive years thereafter, the Office of the United States Trade Representative shall publish in the Federal Register a determination for that calendar year, using the most recent annual data available, of the amount of the trade surplus (the amount by which Peru's exports to all destinations exceeds its imports from all sources), by volume, for goods of Peru under the terms of general note 32 to the tariff schedule, that are classified in the following subheadings:
1701.12, 1701.13, 1701.14, 1701.91, 1701.99, 1702.40 and 1702.60,

## U.S. Notes

1. The provisions of this chapter relate to legislation and to executive and administrative actions pursuant to duly constituted authority, under which:
a. One or more of the provisions in chapters 1 through 98 are temporarily amended or modified; or.
b. Additional duties or other import restrictions are imposed by, or pursuant to, collateral legislation.
2. Unless the context requires otherwise, the general notes and rules of interpretation, the section notes, and the notes in chapters 1 through 98 apply to the provisions of this chapter.

## Statistical Notes

1. For statistical reporting of merchandise provided for herein:
a. Unless more specific instructions appear in the subchapters of this chapter, report the 8 -digit heading or subheading number (or 10 -digit statistical reporting number, if any) found in this chapter in addition to the 10-digit statistical reporting number appearing in chapters 1 through 97 which would be applicable but for the provisions of this chapter; and
b. The quantities reported should be in the units provided in chapters 1 through 97.
2. For those headings and subheadings herein for which no rate of duty appears (i.e., those headings and subheadings for which an absolute quota is prescribed), report the 8 -digit heading or subheading number herein followed by the appropriate 10-digit statistical reporting number from chapters 1 through 97 . The quantities reported should be in the units provided in chapters 1 through 97.

## NOTICETO EXPORTERS

The statistical reporting numbers contained in this chapter apply only to imports and may not be reported on Shipper's Export Declarations. See Notice to Exporters preceding chapter 1.

## SUBCHAPTER I

## U.S. Notes

[COMPILER'S NOTE: Because the effective period of headings 9901.00 .50 and 9901.00 .52 has expired, the U.S. notes and their provisions, including the tariff-rate quota noted above, are not being administered. See also the compiler's note to these headings.]

1. The duties provided for in this subchapter are cumulative duties which apply in addition to the duties, if any, otherwise imposed on the articles involved. The duties provided for in this subchapter apply only with respect to articles entered during the period specified in the last column.
2. For purposes of heading 9901.00.50, the phrase "is suitable for any such uses" does not include ethyl alcohol (provided for in subheadings 2207.10.60 and 2207.20) that is certified by the importer of record to the satisfaction of the Commissioner of Customs (hereinafter in this note referred to as the "Commissioner") to be ethyl alcohol or a mixture containing such ethyl alcohol imported for uses other than liquid motor fuel use or use in producing liquid motor fuel related mixtures. If the importer of record certifies nonliquid motor fuel use for purposes of establishing actual use or suitability under heading 9901.00.50, the Commissioner shall not liquidate the entry of ethyl alcohol until he is satisfied that the ethyl alcohol has in fact not been used for liquid motor fuel use or use in producing liquid motor fuel related mixtures. If he is not satisfied within a reasonable period of time not less than 18 months from the date of entry, then the duties provided for in heading 9901.00 .50 shall be payable retroactive to the date of entry. Such duties shall also become payable, retroactive to the date of entry, immediately upon the diversion to liquid motor fuel use of any ethyl alcohol or ethyl alcohol mixture certified upon entry as having been imported for nonliquid motor fuel use.
3. For purposes of heading 9901.00.50, and the symbol "E" in parentheses following the column 1 special rate of duty "See U.S. note 3 to this subchapter" for such heading, duty-free treatment shall be accorded to ethyl alcohol or a mixture thereof when entered from an insular possession or beneficiary country to the extent provided for in this note.
(a) Ethyl alcohol or a mixture thereof that is produced by a process of full fermentation in an insular possession of the United States or beneficiary country enumerated in subdivision (d)(iv) of this note shall be treated as being an indigenous product of that possession or country and shall be eligible for duty-free treatment.
(b) Ethyl alcohol and mixtures thereof that are only dehydrated (hereinafter in this note referred to as "dehydrated alcohol and mixtures") within such an insular possession or beneficiary country shall be eligible for duty-free treatment as indigenous products of that possession or beneficiary country only if the alcohol or mixture, when entered, meets the applicable local feedstock requirement set forth in subdivision (c) of this note. The aggregate quantity of dehydrated alcohol and mixtures entered from all insular possessions and beneficiary countries that shall be eligible for duty-free treatment is restricted to the aggregate quantities set forth in subdivisions (c) and (d) of this note for dehydrated alcohol and mixtures meeting the applicable local feedstock requirements.
(c) The local feedstock requirement with respect to any calendar year is--
(I) zero percent with respect to the base quantity of dehydrated alcohol and mixtures that is entered;
(ii) 30 percent with respect to the metric equivalent of $35,000,000$ gallons of dehydrated alcohol and mixtures next entered after the base quantity, and
(iii) 50 percent with respect to all dehydrated alcohol and mixtures entered after the amount in subdivision (c)(ii) of this note.
(d) For the purposes of this note:
(I) The term "base quantity" means, with respect to dehydrated alcohol and mixtures entered during any calendar year, the greater of--
(A) the metric equivalent of $60,000,000$ gallons; or
(B) an amount (expressed in gallons) equal to 7 percent of the United States domestic market for ethyl alcohol, as determined by the United States International Trade Commission, during the 12-month period ending on the preceding September 30 minus the sum of the quantities of dehydrated alcohol and mixtures allocated to El Salvador and to Costa Rica under (d)(v) and (d)(vi), respectively, of this note;
that is first entered during that calendar year.
(ii) The term "local feedstock" means hydrous ethyl alcohol which is wholly produced or manufactured in any insular possession or beneficiary country.
(iii) The term "local feedstock requirement" means the minimum percent, by volume, of local feedstock that must be included in dehydrated alcohol and mixtures.
(iv) The term "beneficiary country" means one of the following countries:

| Antigua and Barbuda | Grenada | Nicaragua |
| :--- | :--- | :--- |
| Aruba | Guatemala | Panama |
| Bahamas | Guyana | St. Kitts and Nevis |
| Barbados | Haiti | Saint Lucia |
| Belize | Honduras | Saint Vincent and the Grenadines |
| Costa Rica | Jamaica | Trinidad and Tobago |
| Dominica | Montserrat | Virgin Islands, British |
| Dominican Republic | Netherlands Antilles |  |
| El Salvador |  |  |

(v) The aggregate quantity allocated to El Salvador of the base quantity set forth in subdivision (d)(I) of this note in any calendar year shall not exceed the lesser of the metric equivalent of the quantity specified below for each such year or 10 percent of the base quantity of dehydrated alcohol and mixtures established in subdivision (d)(I) of this note for that year.

| Year | $\frac{\text { Quantity }}{\text { (Gallons) }}$ | Year | Quantity <br> (Gallons) | Year | Quantity <br> (Gallons) |

| 2007 | $7,925,186$ | 2012 | $14,529,508$ | 2016 | $19,812,966$ |
| 2008 | $9,246,051$ | 2013 | $15,850,372$ | 2017 | $21,133,830$ |
| 2009 | $10,566,915$ | 2014 | $17,171,237$ | 2018 | $22,454,694$ |
| 2010 | $11,887,779$ | 2015 | $18,492,101$ | 2019 | $23,775,559$ |
|  |  |  | 2020 | $25,096,423$ |  |

After year 2020, the quantity available to El Salvador shall increase by the lesser of the metric equivalent of $1,320,864$ gallons each year or the difference between the previous year's quantity and 10 percent of the base quantity of dehydrated alcohol and mixtures established in subdivision (d)(I) of this note for that year.
(vi) The aggregate quantity allocated to Costa Rica of the base quantity set forth in subdivision (d)(I) of this note in any calendar year shall not exceed the metric equivalent of $31,000,000$ gallons.
(e) For purposes of headings 9901.00 .50 and 9901.00 .52 , originating goods of Peru, under the terms of general note 32 to the tariff schedule, and originating goods of Colombia, under the terms of general note 34 to the tariff schedule, shall not be subject to any duty provided for in such headings, provided that-
(i) the goods are imported directly from Peru or Colombia into the customs territory of theUnited States, and
(ii) the sum of the cost or value of the materials produced in the territory of Peru or of Colombia plus the direct costs of processing operations performed in the territory of Peru is not less than 35 percent of the appraised value of such goods at the time they are entered.

1. This subchapter contains the temporary modifications of the provisions in the tariff schedule established pursuant to trade legislation. Unless otherwise stated, the modified provisions are effective until suspended or terminated. Unless the context requires otherwise, any article described in the provisions of this subchapter, for which rates of duty are herein provided, if entered during the period specified, is subject to duty at the rate set forth herein in lieu of the rate provided therefor in chapters 1 to 98 .

## [U.S. note 2 deleted]

3. For the purposes of subheadings 9903.41 .05 and 9903.41 .10 , the duties provided for in this subchapter are cumulative duties which apply in addition to the duties otherwise imposed on the articles involved.
[U.S. note 4 deleted]
4. The following provisions have been suspended pursuant to executive action: subheadings 9903.04 .05 and 9903.04 .10 , headings 9903.04.15 through 9903.04.55, inclusive, subheading 9903.41.25, and subheadings 9903.41.35 through 9903.41.45, inclusive.
5. Import quotas for upland cotton.--The provisions of this note apply beginning August 1,1991, to imports of upland cotton as provided in subheadings 9903.52.00 through 9903.52.26.
(a) Special Upland Cotton Import Quota Based on Northern Europe Prices.--
(i) Whenever the Secretary of Agriculture determines and announces that for any consecutive 4 -week period, the Friday through Thursday average price quotation for the lowest-priced United States growth, as quoted for Middling (M) one-and-three-thirty-seconds cotton, delivered to a definable and significant international market, as determined by the Secretary, exceeds the prevailing world market price, there shall immediately be in effect a special import quota. The quota shall be equal to 1 week's consumption of upland cotton by domestic mills at the seasonally adjusted average rate of the most recent 3 months for which data are available. The aggregate quantity of cotton entered into the United States during any marketing year under the special import quota established under this subdivision may not exceed the equivalent of 10 week's consumption of upland cotton by domestic mills at the seasonally adjusted average rate of the 3 months immediately preceding the first special import quota established in any marketing year.
(ii) Application.--The quota shall apply to upland cotton purchased not later than 90 days after the effective date of the Secretary's announcement under clause(i) and entered into the United States not later than 180 days after such date.
(iii) Overlap.--A quota period may be established that overlaps any existing quota period if required by clause(i), except that a quota period may not be established under this paragraph if a quota period has been established under paragraph(b) of this note.
(iv) The Secretary of Agriculture shall inform the Secretary of the Treasury of the establishment of any special import quota under this paragraph and shall file a notice of such quota with the Federal Register.
(b) Upland Cotton Import Quota Based on Spot Market Prices.--
(i) Whenever the Secretary of Agriculture determines and announces that the average price of the base quality of upland cotton, as determined by the Secretary, in the designated spot markets for a month exceeded 130 percent of the average price of such quality of cotton in such markets for the preceding 36 months, there shall immediately be in effect a limited global import quota equal to 21 days of domestic mill consumption of upland cotton at the seasonally adjusted average rate of the most recent 3 months for which data are available. An announcement under this clause shall be known as a Limited Global Cotton Import Quota Announcement. For purposes of this subdivision, a Limited Global Cotton Import Quota means a quantity of imports that is not subject to the over-quota tariff rate of a tariff-rate quota contained in chapter 52 of the tariff schedule.
(ii) Quantity if prior quota.--If a quota has been established under this paragraph during the preceding 12 months, the quantity of the quota next established under this paragraph shall be the smaller of 21 days of domestic mill consumption, calculated as set forth in clause (i), or the quantity required to increase the supply to 130 percent of the demand.

# Harmonized Tariff Schedule of the United States Revision 9 (2023) 

(iii) Definitions.--As used in clause (ii):
(A) Supply.--The term "supply" means, using the latest official data of the Bureau of the Census, the Department of Agriculture, and the Department of the Treasury--
(I) the carry-over of upland cotton at the beginning of the marketing year (adjusted to 480-pound bales) in which the special quota is established; plus
(II) production of the current crop; plus
(III) imports to the latest date available during the marketing year.
(B) Demand.--The term "demand" means--
(I) the average seasonally adjusted annual rate of domestic mill consumption in the most recent 3 months for which data are available; plus
(II) the larger of--
(aa) average exports of upland cotton during the preceding 6 marketing years; or
(bb) cumulative exports of upland cotton plus outstanding export sales for the marketing year in which the special quota is established.
(iv) Quota entry period.--When a quota is established under this paragraph, cotton may be entered under the quota during the 90 -day period beginning on the effective date of the Secretary of Agriculture's announcement of such quota.
(v) No overlap.--Notwithstanding clauses (i) through (iv), a quota period may not be established under this paragraph that overlaps an existing quota period established under this paragraph or a quota period established under paragraph (a) of this note.
(vi) The Secretary of Agriculture shall inform the Secretary of the Treasury of the establishment of any import quota under this paragraph and shall file a notice of such quota with the Federal Register.

If the attestation is not provided by December 1, 2022 and then annually on December 1 thereafter, the United States reserves the right to temporarily deny access for the UK steel producer to the in-quota rate for the applicableTRQ. Where at any time access has been denied, and where the UK submits an attestation, the United States will restore the access of the affected producer to the in-quota rate within 8 weeks.

No claim for entry or for any exemption or reduction shall be allowed for the aluminum products enumerated in subdivision (b) of this note under a provision of chapter 99 that may set forth a lower rate of duty or provide duty-free treatment, taking into account information supplied by CBP, but any additional duty prescribed in any provision of this subchapter or subchapter IV of chapter 99 shall be imposed in addition to the duty in heading 9903.85 .68 or 9903.85.70.All shipments of any article that is otherwise eligible to be entered under a provision that is subject to quantitative limitations, and where any amount of primary aluminum used in the manufacture of the article is smelted in Russia, or the articles are cast in Russia, shall be entered under headings 9903.85 .67 through 9903.85.70. (b) The rates of duty set forth in heading 9903.85 .01 and subheadings 9903.85 .05 and 9903.85 .06 , inclusive, apply to all imported products of aluminum classifiable in the provisions enumerated in this subdivision:

(c) The Secretary of Commerce may determine and announce any exclusions from headings 9903.85.01,9903.85.03, 9903.85 .21 , and 9903.85 .67 through 9903.85 .70 that may be appropriate for individual derivative aluminum products or individual aluminum products otherwise covered by subdivision (a)(iii) or subdivision (b) of this note, respectively, or for individual shipments thereof, whether or not limited to particular quantities of any such goods or shipments, and shall immediately convey all such determinations to U.S. Customs and Border Protection ("CBP") for implementation by CBP at the earliest possible opportunity, but not later than five business days after the date on which CBP receives any such determination from Commerce. Pursuant to subheading 9903.85 .11 and superior text thereto, the Secretary may provide that any excluded product shall be granted entry into the customs territory of the United States when the applicable quantitative limitation has filled for the specified period for such good.
(d) Any importer entering the aluminum products covered by this note under heading 9903.85.01, heading 9903.85.21, or headings 9903.85 .67 through 9903.85.70, inclusive, and subheadings 9903.85 .06 and 9903.85 .11 and subheadings 9903.85 .25 through 9903.85.44, inclusive, or any importer of derivative aluminum products covered by this note under heading 9903.85.03, shall provide any information that may be required, and in such form, as is deemed necessary by CBP in order to permit the administration of this subheading. # Harmonized Tariff Schedule of the United States Revision 9 (2023) 

SUBCHAPTER IV
SAFEGUARD MEASURES PURSUANT TO THE AGREEMENT ON AGRICULTURE AND ADDITIONAL IMPORT RESTRICTIONS ESTABLISHED PURSUANT TO SECTION 22 OF THE AGRICULTURAL ADJUSTMENT ACT, AS AMENDED

## U.S. Notes

1. This subchapter contains safeguard measures established pursuant to Article 5 of the Agreement on Agriculture (as approved by section 101 of the Uruguay Round Agreements Act), which allows the imposition of additional duties based upon either the value or the quantity of goods imported into the United States for certain agricultural products. In addition, the subchapter contains provisions which may be proclaimed pursuant to section 22 of the Agricultural Adjustment Act, as amended (7 U.S.C. 624). All of the duties provided for in this subchapter are cumulative duties which apply in addition to the duties, if any, otherwise imposed in the tariff schedule on the goods described herein. Unless otherwise stated, the duties or limitations provided for in this subchapter apply until suspended or terminated. Goods of the following countries imported into the United States shall not be subject to any of the provisions, duties or limitations of this subchapter:

Canada, Mexico, Jordan, Singapore, Chile, Australia, Morocco, El Salvador, Honduras, Nicaragua, Guatemala, Bahrain, Dominican Republic, Costa Rica, Peru, Oman, Korea, Colombia, Panama
2. The provisions imposing safeguard duties based upon value set forth in this subchapter shall apply to all goods described herein (other than sheep meat, which is not subject to safeguard duties based upon value) except during periods announced in the Federal Register by the Secretary of Agriculture in consultation with the United States Trade Representative as the effective periods of the provisions imposing safeguard duties based upon quantity with respect to such goods, during which period the safeguard duties based upon value shall be deemed suspended and only the safeguard duties based upon quantity shall apply to such goods. Unless the Secretary of Agriculture invokes safeguard duties based upon quantity for specified goods and so announces in the Federal Register (as provided in the first sentence of this note), the tariff provisions providing for such duties shall be deemed suspended and shall not apply to the goods described herein. No safeguard duties based upon quantity shall apply to goods en route on the basis of a contract settled before the effective date of such measures specified in a notice issued by the Secretary of Agriculture.
3. For the purposes of this subchapter, imports of peanuts in the shell shall be charged against the quantities in this note on the basis of 75 kilograms for each 100 kilograms of peanuts in the shell.

## SUBCHAPTER VIII <br> TEMPORARY MODIFICATIONS ESTABLISHED PURSUANT TO THE AGREEMENT WITH ISRAEL CONCERNING CERTAIN ASPECTS <br> OF TRADE IN AGRICULTURAL PRODUCTS

## U.S. Notes

1. This subchapter contains temporary modifications of the provisions of the tariff schedule established pursuant to the United States' agreement with Israel concerning certain aspects of trade in agricultural products, dated November 4, 1996. Products of Israel eligible for benefits of the agreement when imported into the customs territory, and described in the provisions of this subchapter for which quantitative limits are prescribed along with rates of duty followed by the symbol "(IL)" are herein provided, are subject to duty under the provisions and at the rates set forth in this subchapter in lieu of the rates provided therefor in chapters 1 through 97 in rates of duty column 1 when entered in quantities that are within the limits provided in this subchapter. Notwithstanding quota provisions elsewhere in the tariff schedule, eligible products of Israel shall be permitted to enter the United States to the extent and at the duty rates herein provided. No goods entered under the quantitative limits set forth in this subchapter shall be counted toward any quota or tariff-rate quota provided for such goods elsewhere in the tariff schedule. No other preferential tariff treatment provided for elsewhere in the tariff schedule shall be afforded to goods described in the provisions of this subchapter. Effective with respect to goods entered, or withdrawn from warehouse for consumption, on or after January 1, 2004, no eligible products of Israel entered under the provisions of this chapter shall be subject to additional duties under subchapter IV of this chapter. Unless otherwise provided, the provisions and notes in this subchapter are effective as to such products of Israel that are entered, or withdrawn from warehouse for consumption, on or after December 4, 1996, and through the close of December 31, 2023, after which date this subchapter shall cease to apply to any goods entered after that date.
2. Wherever goods are described by a provision of this subchapter and accorded a temporary modification of the otherwise applicable duty or quota treatment from chapters 1 through 97 of this schedule, the reporting number, in the absence of specific instructions providing otherwise, shall be the appropriate statistical reporting number for the basic provision (the appropriate provision for classification purposes in chapters 1 through 97) preceded by the appropriate subheading number from this subchapter. For statistical purposes, both the basic provision statistical reporting number and the applicable subheading number from this subchapter shall be collected by the United States Bureau of Census.

Compiler's note: Prior to January 1, 2016, subchapter XIV set forth temporary provisions established pursuant to the U.S. Bahrain Free Trade Agreement (see general note 30 to the tariff schedule). Under the terms of U.S. note 1 to that subchapter, the entire subchapter was deleted at the close of December 31, 2015. However, Presidential Proclamation 9223 of December 23, 2014 (79 F.R. 78681) provided that the effective period of U.S. note 13 to that subchapter and the related heading, 9914.99.20, was extended through the close of July 31, 2016. Accordingly, those provisions were restated in archive versions of this subchapter (see online HTS archive) with pertinent rate line in accordance with that proclamation; format is not identical to 2015 HTS.

# Harmonized Tariff Schedule of the United States Revision 9 (2023) 

Annotated for Statistical Reporting Purposes

# SUBCHAPTER XV <br> MODIFICATIONS ESTABLISHED PURSUANT TO THE DOMINICAN REPUBLIC-CENTRAL AMERICA-UNITED STATES FREE TRADE AGREEMENT 

## U.S. Notes

1. This subchapter contains temporary tariff provisions established pursuant to the Dominican Republic-Central America-United States Free Trade Agreement. Goods of a party to the Agreement as defined in general note 29(a) to the tariff schedule, and described in subheadings 9915.02 .05 through 9915.21 .20 of this subchapter for which a rate of duty followed by the symbol " $\mathrm{P}+$ " in parentheses is herein provided, are subject to duty at the rate set forth in this subchapter in lieu of the rate provided therefor in chapters 1 through 97 . Unless expressly modified, the quantities set forth in U.S. notes 4 through 14 to this subchapter are specifically allocated to such country and year in the note and shall not be reallocated to any other country or year. Goods of a party to the Agreement that are entered into the United States under the provisions of subheadings 9915.02 .05 through 9915.21 .20 are not subject to any of the provisions, duties or limitations of subchapter IV of chapter 99 of the tariff schedule. Goods of a party to the Agreement as defined in general note 29(a) to the tariff schedule, and described in subheading 9915.50 .01 (or in any subsequent subheadings of this subchapter which may hereafter be established), are subject to duty at the special rate of duty set fourth therein in lieu of the special rate of duty provided for in chapters 1 through 97 or subchapter II of chapter 98 of the tariff schedule, unless such goods are entered at the appropriate general duty rate provided for in chapters 1 through 97 of the tariff schedule. At the close of December 31, 2025, this subchapter shall be deleted from the tariff schedule and shall cease to apply to any goods entered after that date.
2. For purposes of this subchapter, the term "goods described in U.S. note 2 to this subchapter" means goods entered under subheadings 9915.02.05 through 9915.21.20, inclusive. Such goods must satisfy the requirements of general note 29(a) to the tariff schedule, except that operations performed in, or material obtained from, the United States shall be considered as if the operations were performed in, and the material was obtained from, a country that is not a party to the Agreement as defined in general note 29(a) to the tariff schedule. For purposes of determining which country-specific tariff-rate quota applies to such a good, the nonpreferential rules of origin used in the normal course of trade shall be applied.
3. For purposes of this subchapter, notwithstanding any other provisions of the tariff schedule, the term "goods of Peru, under the terms of general note 32 to the tariff schedule" means goods of Peru that satisfy the requirements of general note 32 to the tariff schedule, except that operations performed in, or material obtained from, the United States shall be considered as if the operations were performed in, and the material was obtained from, a country that is not a party to the Agreement as defined in general note 32 to the tariff schedule. Such goods of Peru entered into the United States under the provisions of subheadings 9917.04 .10 through 9917.04 .69 are not subject to any of the provisions, duties or limitations of subchapter IV of chapter 99 of the tariff schedule. # SUBCHAPTER XVIII <br> MODIFICATIONS ESTABLISHED PURSUANT TO THE UNITED STATES-COLOMBIA TRADE PROMOTION AGREEMENT

1. This subchapter contains modifications of the provisions of the tariff schedule established pursuant to the United States-Colombia Trade Promotion Agreement. Goods of Colombia, entered under the terms of general note 34 to the tariff schedule, and described in subheadings 9918.02 .01 through 9918.24 .11 of this subchapter for which a rate of duty followed by the symbol "(CO)" is herein provided, are subject to duty at the rate set forth in this subchapter in lieu of the rate provided therefor in chapters 1 through 97. Originating goods of Colombia entered into the United States under the provisions of subheadings 9918.02.01 through 9918.24.11 are not subject to any of the provisions, duties or limitations of subchapter IV of chapter 99 of the tariff schedule. Unless otherwise provided U.S. notes 3 through 9 and subheadings 9918.02 .01 through 9918.24 .11 of this subchapter are effective as to such goods of Colombia entered, under general note 34 to the tariff schedule, through the close of December 31, 2026 and shall be deleted from the tariff schedule at the close of such date. For purposes of this subchapter, goods are "originating goods of Colombia" eligible for the benefits accorded to goods entered under the quantitative limitations set forth in U.S. notes 3 through 9 of this subchapter if they satisfy the requirements set forth in general note 34(o) to the tariff schedule, except that operations performed in, or material obtained from, the United States shall be considered as if the operations were performed in, and the material was obtained from, a country that is not a party to the agreement identified in the first sentence to this note.
2. Whenever goods are classifiable under a provision for which the modification of the applicable United States-Colombia Trade Promotion Agreement rate of duty is provided for in a subheading in this subchapter, the reporting number, in the absence of specific instructions to the contrary, shall be the appropriate statistical reporting number for the basic provision (the appropriate provision for classification purposes in chapters 1 through 97) preceded by the subheading number of this subchapter. #### Abstract

ANNEX A

Schedule C - Classification of Country and Territory Designations for U.S. Foreign Trade Statistics

Schedule C contains the country and territory designations for use in compiling the U.S. export and import statistics. These designations should be shown in all cases where statistical information is required. The first part of this schedule contains the country designations arranged in numeric order by continent and listed in sequence within each continent generally from north to south and west to east. Abbreviated country designations, which are used in lieu of complete country names in some foreign trade reports, are also shown. The second part contains a listing in alphabetical arrangement of the countries, territories, etc., with their numeric codes. The names of the entities listed are generally the conventional spellings as approved by the U.S. Board on Geographic Names.

Revisions to Schedule C will be announced in the form of "special notices" to data users, as Public Bulletins to Schedule B, Statistical Classification of Domestic and Foreign Commodities Exported from the United States, and as supplements to the Harmonized Tariff Schedule of the United States Annotated for statistical purposes (HTS). HTS also includes a list of International Standard (ISO) Country Codes to be used by importers to report country of origin.

#### Abstract

ANNEX C

Schedule D - Classification of U.S. Customs Districts and Ports for U.S. Foreign Trade Statistics

Please see the U.S. Customs and Border Protection's website for the most current listing of Code Numbers, Customs Districts and Ports. (See https://www.cbp.gov.)

Schedule D provides a list of U.S. Customs districts, the ports included under each district, and the corresponding numeric codes used in compiling the U.S. foreign trade statistics. The Schedule contains a code for each official U.S. Customs district and port, with some additional codes provided to meet specific compiling requirements of the foreign trade statistics program. The headquarters port for each district is underlined. Some Customs ports show two codes. Exporters and importers may report either code. The first part of this schedule contains the Customs districts and ports arranged in numeric order by code, while the second part lists the ports in alphabetic order.

Revisions to Schedule D will be announced in the form of "special notices" to data users, as Public Bulletins to Schedule B, Statistical Classification of Domestic and Foreign Commodities Exported from the United States, and as supplements to the Harmonized Tariff Schedule of the United States Annotated for Statistical Purposes.

## China Tariffs

## (Last Updated January 1, 2023)

This table lists the HTS subheadings in chapters 01 through 97 that are covered by the additional tariffs on products of China and the applicable HTS heading in subchapter III of chapter 99 where the additional tariff is provided for. For additional information on these additional tariffs, please see U.S. note 20 and the related headings and subheadings to subchapter III of chapter 99.

For reference, heading 9903.88 .01 became effective on July 6, 2018, heading 9903.88.02 became effective on August 23, 2018, heading 9903.88.03 became effective on September 24, 2018, 9903.88.04 became effective on September 24, 2018, and 9903.88.15 became effective on September 1, 2019. Since heading 9903.88.16 has been suspended pursuant to Federal Register notice of December 18, 2019 (84 FR 243), references to it have been removed from this list.

Search for an 8 -digit subheading of interest; if it appears on this list, products in that subheading are subject to an additional duty if they are products of China. Any product exclusion that may be granted by the U.S. Trade Representative (USTR) would be enumerated in U.S. note 20, subchapter III of chapter 99 and would be indicated by a superscript endnote attached to the end of the applicable 10-digit article description in chapters 01-97. This table is provided for reference only; users should also consult the HTS itself and the related Federal Register notices for the official list of covered products.

Additional information may be obtained from USTR at (202) 395-5725, the Section 301 hotline. U.S. Customs and Border Protection can be consulted for procedural matters or other questions at traderemedy@cbp.dhs.gov. You may also wish to seek an electronic ruling on classification or country of origin from Customs at www.erulings.cbp.gov. Customs determines all matters relating to tariff treatment of importer goods and their country of origin.
